Is there something you miss at the library or do you have ideas on how the library could be further improved?
Answers
No opinion
I think it is a good library, it is perhaps somewhat difficult to find the different sections (lkz, or Lk for example.)
I am satisfied with the library and I have always received good service and positive treatment.

The environment has to be cozied up. It feels sloppy like an old changing room. All public rooms can be transformed into cozy meetingplaces. There cafeteria is excellent, but is it cozy? The library lacks cozy reading corners with soft lighting , only the flourescent feeling.....
Some events are said to take place in "the People's House"but I don't know where that is, so better signs are needed. I wasn't aware of the author visits so a bit more information would be good then. .
I think it is good as it is.
I have only been at the library once so far, to vote. I will be able to tell you more when I will have visited the library for other purposes.
I would like the library to arrange a course in how to handle cellphones, i.e. how to send text messages, create catalogues etc. Yongsters in the area could teach us who are 55+ and older.
I pressed the wrong button on question number two mothertongue. My mothertongue is Swedish. I cannot delete the answer!

Better order since the premises are often very unorganized!

Broader range of music books for keyboard/piano. More CDs on rock.
Meet other residents in Biskopsgården who are interested in e.g. excursions/travels. The library lacks TV and video + possibility to listen to CDs. Make it more suitable for disabled persons.
More seminars or other events
No, I think it works just fine.
I wish the opening hours could be extended e.g. on weekdays
