### What has the Ministry of Interior proposed? The draft law:

- Requires the residence permit for residence longer than 3 months also from the EU citizens
- Discriminates against family members of Czech citizens against family members of other EU countries' citizens
- Worsens the status of foreigners with permanent residence by allowing for the possibility of its cancellation
- Implements the category of "gastarbeiters" who would be able to stay in the country only for 1 year
- Introduces disproportionately high fees as a condition for family reunification and access to permanent residence
- Solves substantial delays in decision making of authorities by prolonging statutory deadlines
