

Pledge to Join One Million People NOT Watching the Beijing Olympics

We are asking one million people throughout the world to sign this petition to state they will not watch the Beijing Olympics on television unless China:

- 1) Stops blocking a United Nations arms embargo on Burma and stops selling weapons to Burma's regime, and
- 2) Ends its support for Burma's regime. If China does not change its policies, you will:
 - Not watch the Beijing Olympics, especially the opening and closing ceremonies.
 - Not purchase Olympics souvenirs and merchandise
 - During the Olympics you will not purchase goods from Olympic corporate sponsors.
