**Annotation**
This module is intended to introduce the characteristics of mentorship and career guidance peculiarities. There is also information on the differences between mentorship and educational leadership. After the training, individuals will be able to define the characteristics and effectiveness of mentorship and to evaluate the mentor's career changes.

**General goal(s)**
To provide the necessary knowledge and skills for the characteristics of mentorship and to understand the peculiarities of career guidance, analyze and evaluate them critically. Also, to develop the ability to practice the main aspects of mentor's career planning and implementation.

**Objectives**
To reveal the concept of mentorship.
To indicate the differences between mentorship and educational leadership.
To analyze the characteristics and effectiveness of mentorship.
To present career planning and implementation.
To explain the peculiarities of the assessment of mentor career changes.

**Methods**
- **Formal methods**: E-slides, Lecture, Self-assessment tests.
- **Informal methods**: Practical tasks, Discussions in groups.
- **Non-formal methods**: Role playing games, Capacity-building practical tasks, Modeling situations, Self-reflexion.

**Resources**
- Computer (Wi-Fi network), Internet sources Projector, Paper, Writing Board, Markers.

**Order of activities**
- **1 subject.** The concept of mentorship and career guidance.
- **2 subject.** Differences in mentorship and educational leadership.
- **3 subject.** The characteristics and effectiveness of mentorship.
- **4 subject.** Career planning and implementation.
- **5 subject.** The assessment of mentor career changes.
- (Online training) 50 min.
- (Face to face) 1 hr
- (Face to face) 1 hr
- (Face to face) 2 hrs
- (Face to face) 1 hr

**Learning outcomes**
- **Knowledge - at the end of the unit the learner will be able to:**
  - Present the concept of mentorship.
  - Define the key aspects of career guidance.
- **Skills - at the end of the unit the learner will be able to:**
  - Recognize differences in mentorship and educational leadership.
  - Compare socio-educational aspects of mentorship and educational leadership.
  - Discuss the issues of mentorship characteristics and effectiveness.
  - Be able to anticipate the consequences of mentorship effectiveness.
- **Competencies - at the end of the unit the learner will be able to:**
  - Be able to carry out career planning and implementation.
  - Evaluate the changes in career as a mentor.

**Achievement assessment methods**
- On-going evaluation during the practical tasks.
- Self-reflection.
- Self-assessment questionnaire.

<th>Online training</th>
<th>50 minutes/ module</th>
</tr>
</thead>
<tbody>
<tr>
<td>Face to face</td>
<td>5 hours/ module</td>
<td></td>
</tr>
</tbody>
</table>

**Annotation**

This module will take a close look at the mentorship area, shedding light on the important motivational and inspirational aspects of mentorship. The information provided will develop in-depth knowledge of the positive aspects of mentorship and explain why it is a vital part of career development. Another component of the module will provide a description of career guidance and the role it has in choosing a career.

**General goal(s)**

The main goal of the course is to give the participants a chance to explore exactly how mentoring affects not only the young learners, but also the mentors themselves. The module will concentrate on different benefits of career guidance, demonstrate the mutual learning process in the mentorship area and show how much of a difference it can make.

**Objectives**

- To develop in-depth knowledge of the benefits of mentoring.
- To provide information about the process of mutual learning.
- To explain the aspects of the Mentoring effect.
- To highlight the importance of knowing how mentoring is beneficial.
- To help mentors build realistic expectations of the mentoring process and results.
- To achieve a deep understanding of both sides in the mentoring process.

**Methods**

Formal methods: PowerPoint presentations, Self-assessment tools, Lectures
Informal methods: Debriefing and discussions, Group activities and practical tasks
Non-formal methods: Videos, Self-reflection, Role play games and psychological games, Brainstorming, Capacity-building practical tasks.

**Resources**

Laptop or computer, Internet, Paper, Flipchart, Projects, Sticky notes, Markers, Multimedia

**Order of activities**

1 subject. The Mentoring effect – Aspirations and outcomes
2 subject. A mentor’s benefits to mentoring
3 subject. A hero’s journey and the role of the mentor
4 subject. Mutual learning or mutual mentoring – Development and effects
5 subject. Career guidance – tools and results

**Learning outcomes**

**Knowledge - at the end of the unit the learner will be able to:**

- To differentiate the importance of mentoring not only for the mentor but for the mentoree as well.
- To adequately present the positive aspects of mentoring and the vital role it has in career development.
- Understand better how mentorship influences

**Skills - at the end of the unit the learner will be able to:**

- Motivate and aspire the learners in their career path.
- Enrich the mentorship process by setting goals to achieve specific positive aspects.

**Competencies - at the end of the unit the learner will be able to:**

- Use the knowledge to help with the development of the mentor, the mentoree and an organisation.
- To personalise a mentorship programme in order to achieve better results.

**Achievement assessment methods**

Self-assessment tools.
Self-reflection.
E-questionnaire.
Results in practical tasks.

<th>50 minutes/ module</th>
</tr>
</thead>
<tbody>
<tr>
<td>Face to face</td>
<td>5 hours/ module</td>
<td></td>
</tr>
</tbody>
</table>

### Annotation

The module concentrates on revealing the components of mentoring process, starting with the characteristics of mentoring relationship, the way it can be built in a trusting manner and the possible factors of influence. It also presents the key elements of running the mentoring process during the meetings, supporting the progress, and assessing it. The module emphasizes the role of learning styles in this process. In addition, it aims to develop skills of offering and receiving feedback and using certain models and strategies of mentoring and coaching.

### General goal(s)

To help the participants understand the way they can build a trusting relationship with their mentees, to achieve models and strategies of mentoring, coaching and career guidance and to apply them during the mentoring meetings, as well as to indicate how to structure them and support the progress of mentees. To demonstrate that mentoring is a learning process and to point out the importance of learning styles. Also to provide information, knowledge and skills to correctly offer and receive feedback and to assess the mentoring process.

### Objectives

- To present the characteristics and phases of mentoring relationship and ways of building it.
- To explain two main models and strategies of mentoring and coaching.
- To highlight the importance of learning styles in mentoring process.
- To identify the features of offering and receiving feedback in an appropriate way.
- To describe the main elements of mentoring meetings.
- To point out aspects related to the assessment and crediting the mentoring process.

### Methods

- **Formal methods:** E-slides, Lecture, Self-assessment test, PowerPoint presentations.
- **Informal methods:** Practical tasks, Case studies, Group discussions.
- **Non-formal methods:** Interactive video, Self-reflection, Role play games, Brainstorming, Capacity-building practical tasks.

### Resources

Module 5 Critical thinking, adaptation to the regular changes in professional area in mentoring process

<table>
<thead>
<tr>
<th>Structure of the training</th>
<th>Online training</th>
<th>50 minutes/ module</th>
</tr>
</thead>
<tbody>
<tr>
<td>Face to face</td>
<td>5 hours/ module</td>
<td></td>
</tr>
</tbody>
</table>

**Annotation**
This module is intended to introduce the characteristics of critical thinking in the mentoring process (of the mentor and of the mentee). It will mainly provide ideas and methods for developing the skill of critical thinking. Moreover, it will address the topic of changes in professional area (at work, in the mentoring process, in the process of starting or developing career etc.) and how to manage changes. After the training, individuals will be able to encourage their own critical thinking and to better understand and manage changes.

**General goal(s)**
To provide the necessary knowledge about critical thinking and to point out the importance of critical thinking and of the awareness when and how to use it. To teach how to encourage it and how to develop skills necessary to become a critical thinker. To encourage the use of critical thinking in the process of mentoring and for assessment of the relationship between mentor and mentee.

To gain knowledge about change management and develop skills for a successful adaptation to changes, especially in the field of career and professional development. To develop the ability (of mentor and mentee) to practice critical thinking and effective change management regularly, especially in the process of mentoring, career guidance and career development.

To become aware of defence mechanisms in the change process.

**Objectives**
To gain knowledge about the concept of critical thinking.
To learn methods and ways to encourage and develop the skills of critical thinking.
To use critical thinking in the process of mentoring and career guidance.
To learn about change management.
To understand changes and be able to adapt successfully.
To become aware of defence mechanisms in the change process.
To develop skills for an effective change management (also in the mentoring process).
To teach mentors how to encourage the mentored to become critical thinkers and persons who can adapt to regular changes well.

**Methods**
Formal methods: lecture, PPT presentation, online learning, self-assessment tests.
Informal methods: Workshop approach, working in pairs and groups, discussions
Non-formal methods: role playing games, video material, practical tasks and games, self-reflection.

**Resources**
Computer, internet access, projector, paper (a4 and flipchart), flipchart and or/writing board, markers, post-it papers.

**Order of activities**
1 subject. ABC of critical thinking and change management
2 subject. The concept of critical thinking.
3 subject. Developing skills of critical thinking.
4 subject. The concept of change management.
5 subject. Developing skills to effectively manage and adapt to changes.

(Online training) 50 min
(Face to face) 1 hr
(Face to face) 1 hr 30 min.
(Face to face) 1 hrs
(Face to face) 1 hr 30 min.

**Learning outcomes**
*Knowledge - at the end of the unit the learner will be able to:*
Understand and present the concept of critical thinking.
Understand and present the concept of change management.

*Skills - at the end of the unit the learner will be able to:*
Reflect upon his/her thinking style.
Encourage critical thinking.
Think critically about different aspects of professional life.
Adapt to changes and manage them successfully.
Think critically about the mentoring or career guidance process.

*Competencies - at the end of the unit the learner will be able to:*
Teach the mentees how to encourage and develop critical thinking (in professional life and in the process of mentoring or career guidance).

### Annotation

The module is focused on the elaborating of the sensitiveness to the various topic of disadvantage which could occur during the mentoring process. It includes the question of gender, age, sexual orientation, handicap, religion etc. Therefore module focuses on the question of power in the process of mentoring, power in the helping profession and un-equalities in the relationship during the mentoring process. The focus will be paid on the topic of communication, as well as the topic of stereotypes and biases prevailed in the society as well as in the individuals themselves.

### General goal(s)

Main goal of the module is to support the empathy approach in the mentoring. Also to elaborate the sensitivity to the different forms of the disadvantage. General goal of the module is to rise the awareness about internal stereotypes of the mentor and biases which could interfere into the process of mentoring.

### Objectives

- To get aware about different forms of disadvantage.
- To distinguish potentially discriminatory practices.
- To understand cross-sectional operation of gender biases.
- To be get sensitized to pitfalls of the power-relationships.
- To create the non-discriminatory environment during the mentoring process.
- To create the environment which empowers the target groups and which cross the stereotypes and biases in the society as well as in the individuals themselves.
- To understand different forms of participative approaches and techniques of communication inspired for example by Rogerians therapy and systemic approach.

### Methods

**Formal methods:** E-slides, Lecture, Self-assessment tests.

**Informal methods:** Practical tasks, Discussions in groups.

**Non-formal methods:** Role playing games, Capacity-building practical tasks, Modelling situations, Self-reflexion. Socio mapping and maps of gender inter-relationships

### Resources

Computer (Wi-Fi network), Internet sources Projector, Paper, Writing Board, Markers.

### Order of activities

1. **subject.** Power, help and responsibility  
   - Face to face – 1 hr
   - Online training – 50 min

2. **subject.** Definitions, discrimination and anti-discriminatorz approach  
   - Face to face – 1 hr

3. **subject.** Different forms of disadvantage and mentoring process  
   - Face to face – 1 hr

4. **subject.** Gender stereotypes and gender sensitiveness  
   - Face to face – 1 hr

5. **subject.** Communication practices, language, systemic approaches, Rogerians approach  
   - Face to face – 1 hr

### Learning outcomes

**Knowledge - at the end of the unit the learner will be able to:**

- To define discrimination grounds and discrimination areas.
- To know about gender stereotypes.
- To understand participatory approaches and techniques in communication.  
- To get aware about power relationship in the society and its reflection in the mentor relationships.

**Skills - at the end of the unit the learner will be able to:**

- To use the different methods to encounter the stereotypes.
- To be able to anticipate gender stereotypes facing in the mentoring process.

**Competencies - at the end of the unit the learner will be able to:**

- Create open atmosphere of mentoring process.
- Facilitate participation of both sides of the process.

### Achievement assessment methods

- Self evaluating questionnaire filling.
- Self-reflexion.
